## **MY COMMITMENT TO FAIRER GUN LAWS**

As an Australian voter, I know that Australia's gun laws:

- DO NOT protect the community from the illegal use of firearms, domestic violence or terrorism activities.
- Waste tens of millions of \$ each year in red tape.
- Demonise & discriminate against law-abiding citizens who use firearms for work & sport.

### **THIS IS RIDICULOUS AND MUST STOP!**

The rights and views of legal firearm users deserve a **fair go**. There are over 900 thousand lawful firearms users in Australia, and that is more than enough to influence the results of an election.

I'm calling on you to work with us to achieve the following goals:

- Sensible legislation that focuses on criminals, terrorism & illegal firearms.
- A reduction in red-tape for law-abiding citizens.

Therefore, I \_\_\_\_\_ pledge that in the next state and federal elections I will vote against you or any candidate or political party that does not actively and publicly support fairer gun laws.

I would appreciate your response, so that I may determine which candidate I will support.
